## CDBG CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT (CAPER) 2024

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Village of Rantoul is pleased to present this 2024 Consolidated Annual Performance Evaluation Report (CAPER). The purpose of the CAPER is to report on accomplishments and progress towards Consolidated Plan goals and the 2024 Annual Action Plan activities. The funding for these activities is received from the United States Department of Housing and Urban Development (HUD). The Village is a direct entitlement community with HUD and receives an annual allocation from the Community Development Block Grant (CDBG) Program. For program year 2024, the Village received an annual allocation of \$314,260 in CDBG direct entitlement funds.

This CAPER reports on the activity accomplishments of the 2024 Annual Action Plan, which represents the fifth year of the Village's 2020-2024 Consolidated Plan. The Consolidated Plan is designed to help the Village assess housing and community development needs and market conditions, and to make data driven, placed based investment decisions. The consolidated planning process serves as the framework for a community-wide effort to identify housing and community development priorities that align and focus HUD funding. The Consolidated Plan is carried out through Annual Action Plans, which provide a concise summary of the actions, activities and the specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified by the Consolidated Plan.

For the purposes of the CAPER, the Village's 2024 Program Year follows the Village fiscal year which ran May 1, 2024 to April 30, 2025. Activities completed during the 2024 program year are reported as accomplishments. Additionally, the CAPER includes activity progress and expenditures that occurred in the 2024 program year where the activity remained open/ongoing and which will be completed in subsequent program years.

During the 2024 program year, the Village of Rantoul completed a number of infrastructure projects, provided public service assistance that benefited low-moderate income residents as well as housing activities.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The 2024 program year was the fifth year of the Village’s most recent Consolidated Plan. Some of the projects for which accomplishments are reported were actually started prior to the beginning of the 2024 program year and were initiated in the previous 2022 and 2023 Annual Action Plans. The Village used CDBG funds in 2024 to address the high priority goals and objectives identified in the 2024 Annual Action Plan and the prior year Annual Action Plans for those activities that were not yet complete by the beginning of the 2024 program year.

The Village attempted to carryout the implementation of the strategies and projects primarily utilizing in-house resources. The Village’s staple activity remains its housing rehabilitation assistance programs. The housing rehabilitation projects were all managed internally, with the only outside involvement being the contractors that were actually awarded the contracts to carry out the work. 7 housing project activities were completed in program year 2024. One owner occupied unit was expected to be added, but the project did not get completed in this reporting

year and thus once completed in the PY2025 year that unit will be reported on then.

During the 2024 program year, the Village of Rantoul completed 2 infrastructure/improvement projects, undertook 1 demolition/blight removal.

**CR-10 - Racial and Ethnic composition of families assisted**

**Narrative**

The Village's CDBG Program carried out projects that assisted a total of 7 individuals and 7 households either directly or indirectly during the 2024 program year. The chart above provides a breakdown by race of the residents served.

## CR-15 - Resources and Investments 91.520(a)

### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	761,677	427,876

Table 3 - Resources Made Available

### Narrative

At the beginning of PY2024 the Village had a total of \$761,676.56 of CDBG funds available including the PY2024 CDBG allocation of \$314,260. During Program Year 2024 the Village expended a total of \$427,876.31 of those CDBG funds.

No other resources were made available or expended during PY2024.

### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Area Benefit Areas	44	51.3	Low-Mod Income Census Tracts and/or Low-Mod Income Census Block Groups
Housing Rehab Areas	36	25.5	Village Wide
Village Wide Availability	20	23.2	No geographic area limits.

Table 4 – Identify the geographic distribution and location of investments

### Narrative

The designated Area Benefit Area is the area of the community comprised of the qualifying low to moderate income census tracts. The Housing Rehab Area represents the area of the community where the majority of the housing is older than 40 years. The planned percentage allocation was not a CDBG requirement but rather a Village goal to ensure that a significant amount of the CDBG funds be expended in the area of the community where there is the most need demonstrated. In the 2024 Program Year the Village completed two infrastructure projects and thus a larger percentage of the allocation went towards area benefit directed projects than housing rehab area activities.

## **Leveraging**

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

The HUD CDBG program funds received do not have a required match. In the 2024 year, all CDBG program funds went to projects/activities that were solely CDBG funded. However, other non CDBG Village controlled funds were utilized as is indicated in the resource table at the beginning of this section to carry out other similar projects and activities within the community during this program year.

**CR-20 - Affordable Housing 91.520(b)**

**Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.**

	<b>One-Year Goal</b>	<b>Actual</b>
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	6	7
Number of Special-Needs households to be provided affordable housing units	0	0
<b>Total</b>	<b>6</b>	<b>7</b>

**Table 5 – Number of Households**

	<b>One-Year Goal</b>	<b>Actual</b>
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	6	7
Number of households supported through Acquisition of Existing Units	0	0
<b>Total</b>	<b>6</b>	<b>7</b>

**Table 6 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

During the 2024 program year, the Village's goal was to rehabilitate a total of 6 existing housing units. The Village was able achieve the first portion of this goal by actually rehabbing 7 existing housing units by the end of the program year. Additional housing rehabs were ongoing at the end of the 2024 program year that will be completed and reported in the 2025 program year.

**Discuss how these outcomes will impact future annual action plans.**

The strong demand for the Village's CDBG funded affordable housing programs verifies the future need for these activities. The Village expects to continue offering its existing affordable housing programs going forward. The level of funding for each specific program will be reviewed and adjusted in accordance with the demand that is being seen. As evidenced by the number of projects completed in 2020-2024, and the number of inquiries entertained and applications that continue to be received, in subsequent years the Village should be in good shape to meet or even exceed our annual goals.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	0	0
Low-income	7	0
Moderate-income	0	0
<b>Total</b>	<b>7</b>	<b>0</b>

**Table 7 – Number of Households Served**

**Narrative Information**

A total of 7 household was served by the Village's affordable housing programs in this 2024 Program Year with all 7 households being low-income households.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Village of Rantoul did not use any CDBG funds for homelessness outreach or services in Program Year 2024. There are no emergency shelters located in the Village of Rantoul, however, the Village is an Associate Member of the Champaign County Continuum of Care (the "CoC") and regularly attends the Continuum's meetings to hear the needs of agencies that serve the homeless directly. The CoC conducts a street count and survey of homeless individuals throughout Champaign County every year. Several churches in the cities of Champaign and Urbana have partnered with the Salvation Army to operate the "Canteen Run," which provides items commonly needed by homeless individuals such as food, water, hygiene products, coats, and blankets. The Champaign County Regional Planning Commission (CCRPC) and the Champaign County Continuum of Care have established a Centralized Intake for the Homeless. CCRPC will assess the individual's or family's situation and refer them to the appropriate shelter. CCRPC staff also keep a central wait-list in the event that the shelters have no available space.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

A continual problem for homeless families in Champaign County was the unavailability of shelter that the family could remain housed together instead of splitting up into different shelters in different parts of the community. The United Way, along with numerous partners have opened family shelters to provide short-term, emergency shelter for families with children for up to 30 days. During their time in the shelter, families are required to work directly with an onsite case manager to find safe, permanent housing and get on a path to self-sufficiency.

### **Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

With an ever increasing concern on how to house ex-offenders, a local non-profit, Jesus is the Way Ministries, has the ability to house up to 20 parolees released from state or federal prison. The Ministry, which operates a 10-month "half-way house" program in a former hotel in Rantoul, can be classified as a transitional housing program where clients learn anger management, relapse prevention, mechanics, financial management, and computer literacy. Participants also participate in drug/alcohol

counseling. This program is not funded with CDBG funds. The Village of Rantoul provides the Urbana-Champaign Continuum of Care a Certificate of Consistency with the Consolidated Plan to apply for funding to continue operating emergency shelters and transitional housing programs.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Village of Rantoul did not use any CDBG funds for services to the homeless in Program Year 2024. The Village of Rantoul Housing Rehabilitation Program can eliminate accessibility problems within homes if a person is discharged from a facility. The most requested service involves installing a wheelchair ramp allowing access into the home, and modifications to the bathroom, after an individual is released from a medical facility.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Housing Authority of Champaign County (HACC) continues to proceed with plans to develop and add additional housing units throughout Champaign County, including in the Village of Rantoul. The Village is continuing to work with the HACC to locate properties to build upon and is continuing talks with HACC staff to develop a plan acceptable to both parties.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

The Housing Authority of Champaign County (HACC) has a five-member Resident Advisory Board that acts as a forum to exchange information between residents and the HACC management team. HACC continued its partnership with Habitat for Humanity to utilize its "Moving to Work" Program, which fills a gap in affordable homeownership needs in Champaign County. HACC targets existing residents of HACC programs that complete HACC's Moving to Work mandatory local self-sufficiency program through compliance with employment requirements. Habitat provides all homeownership program services consistent with HACC's Moving to Work goals of self-sufficiency.

### **Actions taken to provide assistance to troubled PHAs**

The Housing Authority of Champaign County (HACC) is not considered "troubled" by the Department of Housing and Urban Development (HUD).

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

In 2024, the largest barrier to affordable housing at the Village level remained a backlog of potential projects with Village Community Development staff trying to play catch up to meet the goals and increasing demands of the Village's housing rehabilitation program. The Community Development Department currently has two staff members. The goal for Program Year 2024 was 6 rehabilitation projects, and while 7 have been completed, there still exists a sizeable wait list for this program. In the past, the Village relied on the use of a Champaign County Regional Planning Commission staff person that had been designated to perform the bid write-ups and bidding and construction monitoring. That person resigned from the CCRPC and the Village had to start doing these aspects with its own staff as well. The Village's Planning Manager and Building Safety staff have stepped up and taken on an increasing role within the CDBG program including the aspects that the CCRPC staff person was doing and that is expected to continue which should allow for the Village to meet the goals and demands of the housing rehabilitation program going forward.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

Two ongoing problems or issues that the Village of Rantoul faces to meet underserved needs are insufficient funding and lack of program capacity. The Village has been working hard to partner with other entities and organizations so that we can work together and stretch resources and meet the community's needs and more projects got done in Program Year 2024 because of this. Additionally, the Village has grown its capacity at every opportunity by utilizing staff of other departments to help administer programs and provide support where needed.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

Lead-based paint was available for use up until 1978 and is presumed to exist in all residential structures built before 1978. All applicants (and occupants) of owner-occupied housing rehabilitation program projects are notified of the potential for lead paint hazards in writing. Every housing unit considered for rehabilitation services that was constructed prior to 1978 is presumed to contain lead an initial lead assessment is conducted on each rehab project house prior to any rehabilitation work being undertaken. Lead safe work practices are utilized in all rehabilitation program work. As part of a rehabilitation, lead abatement is undertaken if practicable.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The Rantoul community has several avenues either to help persons in poverty to address

their immediate living needs or to help persons out of poverty. The Village of Rantoul helps fund the C-Carts Program which provides transportation to low income individuals and families so that they can get to jobs, as well as get to doctor appointments, and grocery shopping. The Community Service Center, which receives local non-CDBG funding, also provides a food pantry and other resources to local low income individuals and families. These programs and investments will be continued.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

For more than a decade, the CDBG Program in Rantoul has been operated solely by the Community Development Director, who is responsible for the daily administration of the grant program, providing technical assistance to subrecipient agencies, project management, regulation compliance, and communication with the public. The Village administration has recently worked to provide other Village staff and resources to the Director to ensure the program's success. The Village also collaborates with a number of community organizations and is actively involved in organizational meetings with those organizations. All opportunities to partner with other organizations in the community will be considered and pursued moving forward.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

The Village of Rantoul Community Development staff have formed strong relationships with the staff and leaders of the majority of the social service agencies in Champaign County, the Housing Authority of Champaign County, and the CDBG/HOME staff in the Cities of Urbana and Champaign. The Village of Rantoul is an Associate Member of the Champaign County Continuum of Care. The Local Funders Group periodically meets, which is comprised of the Village of Rantoul, the City of Urbana, the City of Champaign, the United Way of Champaign County, Champaign County MHB/DDB, the Community Foundation of East Central Illinois, Cunningham Township, and the City of Champaign Township. As a member of the CCRPC, the Village has a representative on the Champaign County Community Action Board, to discuss the operations and successes of the various programs along with other funding; this group oversees the CSBG along with all the programs the grant funds.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

In 2020, the Village of Rantoul updated its Analysis of Impediments to Fair Housing assessment. In conjunction with that update, the Village's Human Relations Committee was reestablished and housing complaints are one of its primary areas of focus. There were no housing complaints submitted or brought forward in the 2024 Program Year. The Village's recent extension of the contract with C-Carts to continue to provide transportation to the low income population of the community is directly aligned with providing an employment linkage for all community residents while ensuring housing choice for all residents of the community. Informational programs to get the word out on the availability of resources offered both by the Village and other community entities has recently been stepped up by the

Village and those other entities to ensure all community residents are aware of the programs and resources that are available to them.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The Village of Rantoul Community Development Department designs and oversees the programs implemented with CDBG funding and as such, is subject to all regulations pertaining to the CDBG funds and needs to ensure compliance with those regulations.

The Village's monitoring standards begin internally by ensuring that all appropriate policies and procedures are in place and that those procedures are always followed. This includes maintaining sufficient documentation, constantly monitoring eligibility and retaining accessible records. All projects include documented inspections where applicable and record closeout once the project is completed.

The Village takes a comprehensive approach to minority business outreach for procurement and contractor selection to ensure a level playing field is maintained for all. The Village follows its adopted procurement policy and all HUD requirements in the bidding and contract process.

The Village of Rantoul has and maintains an active list of minority owned businesses that are located in the Champaign County area.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

For the creation of this CAPER, the Village followed its adopted Citizen Participation Plan. The Village provided the applicable notice that the CAPER was available for review, made copies of the CAPER available for the public, and provided means to provide feedback on the CAPER.

## **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The Village of Rantoul Community Development Department did not propose any changes to the current programs during this program year. Every year, prior to putting together the next annual action plan, Village staff reviews the prior years accomplishments; the program wait lists; and other data on and documented needs of the community, to ensure the Village's program objectives are in line with the

priority needs of the community.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Plan IDIS Year Project	Project Title and Description	Program	Project Estimate
2024 1	Owner Occupied Housing Rehabilitation - 2024	This activity is for rehabilitation of owner-occupied housing. Repairs will be made to homes of lower-income households to make the home safer to live in.	CDBG \$120,000.00
2	Infrastructure Improvements - 2024	This activity will allow for select public infrastructure improvements to be made in low-moderate income neighborhoods of the community including sidewalks, streets, and drainage improvements.	CDBG \$106,568.00
3	Building Demolition - 2024	This activity is designed to provide for the demolition and disposal of deteriorated buildings that are no longer feasible for rehabilitation and reuse and which are having a blighting effect on the surrounding neighborhoods. This will be carried out on a spot basis.	CDBG \$25,000.00
4	Administration - 2024	This project is designed to make sure CDBG grant funds and their associated activities are properly planned and administered. This activity is village wide.	CDBG \$62,692.00
